

Reports and Tools

Accelerate's **Reports and Tools** resources are available to administrators, teachers, and observers accessing courses via the Accelerate learning management system.

Available Reports:

- **Performance Dashboard:** Clear, comprehensive snapshot of student progress, pacing, and performance at a glance.
- **Enrollment Report:** Details for individual enrollments, with the ability to filter by domain/school, status, teacher, start date, and end date.
- **Trend Report:** Shows student progress and performance trends over a selected date range.
- **Attendance Report:** Displays daily time spent in each course within a specified date range.
- **Teacher Performance Report:** Offers insights into teacher activity and performance across assigned courses.

Available Tools:

- **Printable Companion:** Allows teachers to generate a summary of selected lessons for easy printing and offline access.
- **AI & Plagiarism Detection:** Allows teachers to analyze student work for authenticity.
